Five Week Afternoon Program

June 23rd - July 25th 2pm - 5:30pm

Rising 1st - 12th (children must have finished kindergarten)

Theme: Be a WORLD CHANGER (40 spots available)

We will learn how we can help sustain our community even through the challenges of climate change. The “Polar Vortex” wreaked havoc on our neighborhoods, caused our school year to be extended and forced many people to lose hours of work. We will focus on helping students explore their role in helping to create sustainability in an ever changing world. Students will learn to budget their resources, contribute to helping our local community and understand how small things can make a global impact on our world.
