Spring Break!

Spring break ideas to keep the little ones engaged and also promote literacy:

- Gather books, websites and information about where you plan to go and read before heading out
- Read street signs, menus, travel guides and brochures
- For “staycations” read fliers and historic information, talk to the tour guide, and encourage active listening and asking questions

When your child sees in person something they read prior to the trip it will make the experience more exciting and memorable.
